

MATHEMATICS LABORATORY

Mathematics laboratory of the college is adequately equipped with latest tools, instruments, gadgets and equipment's for facilitating teaching-learning process. The laboratory is spacious and well planned in such a way that theory is substantiated by charts and models placed in the laboratory, to concretize the phenomenon of mathematics in the minds of learner. Mathematics laboratory provides an opportunity for the students to discover mathematics through doing. Many of the activities present a problem or a challenge, with the possibility of generating further challenges and problems. The activities help students to visualize, manipulate and reason. They provide opportunity to make conjectures and test them, and to generalize observed patterns.
