

Distinctiveness of the institution

Over the past several years, G.H.G. Harparkash college of Education for Women, Sidhwan Khurd has been working to spread women education in the rural area of Punjab state since 1955. We firmly believe in that the prospective teachers can be groomed in a professional way by promoting their innate talents through academic and artistic initiatives. We nurture their teaching skill sets through theoretical and practical exposition.

The Context: The distinctiveness of the institution lies in its vision “Empowering Rural Women by Educating them”. The practices would impart in them a sense of freedom and independence that can empower their life through a process of development which is lifelong in its impact. To achieve this goal of empowering young women, we encourage different programmes through societies, houses and club activities that encourage leadership, promote employability skills, instil in the students such values that promote eco- sensitivity, life skills, and self- efficiency.

The Practice: Women Empowerment Activities aim at empowering young women through various committees, societies, houses & clubs functioning in the college. The activities of each unit are diverse in nature to ensure a holistic and value-added development.

The distinctive programmes and activities undertaken enhanced institutional visibility in the region.
