Major recommendation

1. Maximum students were satisfied from the Curriculum part, as individual difference are always there, so it was recommended that the curriculum should be as per the expectation of all the students.
2. It was noticed that only few of the students disagree regarding the availability of the reference books in library, it was recommended that more reference books should be purchased.
3. It was found that only few of the students disagree from the availability of the ICT facilities in the college, it was recommended to the college to fulfill the needs of the students.
4. It was observed by the students that teachers communication skill, punctuality, behavior, discipline, skill of delivering the subject matter through the use of IT, skill of encouraging students to ask questions and skill of integrating content with current issue was excellent, so it was recommended to the teachers that they should continue with these abilities, skills and habits.

STUDENTS FEEDBACK ANALYSIS REPORT 2019-20
